19th February, 1936.

Dear Mr. Warlow,

With reference to the new S.S.
"PORT AMHERST", I think it well to inform you
that a representative of the Owners, Messrs.
Furness Withy & Co., Ltd., called at this office
this morning and asked to be furnished with the
classification certificates.

He was informed that whilst the fees
for the survey of the hull and the electrical
equipment were paid on the 31st January, the fees
for the machinery being still unpaid it was not
possible to issue the certificates.

He did not appear to be very concerned
about it, nevertheless I feel sure you would wish
to be informed of the incident.

With kind regards,
Yours sincerely,

P.L. Warlow, Esq.,
GLASGOW.
