Dear Sir,

Messrs. Harland & Wolff's have fitted on the motor vessel "HIGHLAND MONARCH", at the request of The Board of Trade Surveyors, 8" flooding valves connecting to the main circulating line capable of cross-connecting the wing fuel oil tanks in case of an emergency.

These are geared to deck and will have notice-boards directing that they are only to be operated by the Officer-in-charge.

Their positions are marked on the general pumping plan in machinery space, which is forwarded for your information.

I am, Dear Sir,

Yours faithfully,

2 enclosures.
