# LLOYD'S REGISTER OF SHIPPING

Port LONDON

4th February, 1960.

This is to Certify that I have

Surveyed the Machinery of the M.V. "HIGHLAND MONARCH", 14216 tons gross of  
elfast, whilst afloat & in drydock at this port for Advancement of  
& Conditions of Class respecting the Main Eng. Connecting Rods &  
propellers & outside fastenings

and that I will transmit to the Committee of Lloyd's Register of  
Shipping, London, a Report stating that all recommendations made by  
me in connection therewith have been carried out to my satisfaction; also  
that I will Recommend that in the case of this Vessel the following  
Survey Records be made in the Supplement to the Register Book

CS (with date) when the survey has been completed

and that her Machinery Classification Record be continued in the Book without  
condition of class respecting the propellers & outside fastenings,  
ut subject to all main engine connecting rods being examined on  
essel's return to U.K. & to any outstanding conditions of class  
eing dealt with as previously recommended.
