Classn. (H)

Dear Sirs,

m.s. "HAVSBORG"

With reference to the entry for this ship in the Special Reasons List No.179, I shall be glad to learn, as soon as possible, what definite arrangements have been made to deal with the machinery condition of class, as stated, by the end of March.

The machinery class is also at present continued subject to the main engine No.5 top cylinder cover being examined specially by the end of the present month and information as to the Owners' intentions with regard to this matter is requested.

It will be appreciated if you will advise the Manager of this ship that the Auxiliary Boiler Survey will become due at the end of March.

Yours faithfully,

Clerk to the  
Classification Committee

The Surveyors,  
HELSINGBORG.
