Dear Sirs,

M.S. "STIRLINGSHIRE"

In reply to your letter of the 4th May, I am pleased to inform you that the Committee have approved the further postponement of the Special Survey, Special RMC Survey and Screwshaft Survey until the end of August 1966.

With regard to the machinery, it is considered that the condenser should be examined for the advancement of the Continuous Survey cycle and the machinery subject, referred to in the final paragraph of my communication dated the 7th March, dealt with at an early date.

It is noted that the vessel is expected to sail from London on the 12th May.

Yours faithfully,
