Dear Sirs,

M.V. 'STIRLINGSHIRE'

The deferred Special Survey date for Hull and Machinery of this vessel expires at the end of July 1966, and our present alternative intentions for this vessel are as follows:-

To leave London on the 12th May for Mombasa and on completion of discharge of cargo will proceed light ship to a Spanish port for breaking up purposes, the alternative is on completion of cargo at Mombasa the vessel will proceed to Saigon and remain as a Storership for American interests.

We would expect that in either eventuality the vessel would be delivered before the Special Survey expiry date, but as long delays are being experienced in East African Ports and to allow for this eventuality we would be obliged if you will grant an additional month to the deferment, making it to the end of August to accommodate for any delay at East African Ports.

X This vessel is due in London on the 4th May and will sail on the 12th May.

Yours faithfully,  
for CAYZER IRVINE & COMPANY LIMITED
