LLOYD'S REGISTER OF SHIPPING

Port MIDDLESBROUGHDate 18th June, 1965.

This is to Certify that I have surveyed the M.S. "SPIRLINGSHIRE" 6987 Gross tons of Cape Town whilst afloat in British Railway Docks, Middlesbrough on the 18th June, 1965 for pressure testing of amidship deep tank,

and that I am transmitting to the Committee of Lloyd's Register of Shipping, London, a report, stating that all repairs recommended by me have been completed to my satisfaction, also that I am recommending that she be continued as now classed without fresh record of dry docking subject to deep tank being specially examined, pressure tested and dealt with as found necessary on ship's arrival at London to which port she is now proceeding direct, also subject to any other conditions at present attached to the ship's class being dealt with as previously recommended.
