

COPY.

2 Encls.

17th January, 1908.

Gentlemen,

I have to acknowledge the receipt of Mr. Sonne's letter of the 14th instant, which has crossed mine of the 15th instant inquiring as to the drop in tank top at margin below the level of the height at centre girder in the new steamer "WASHINGTON".

The usual letters of freeboard assignment are now sent herewith, and I shall be glad to receive your report on the verification of the marking in due course.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

COPENHAGEN.
