Name: s.s. "ULMARRA"

QUESTION

ANSWER

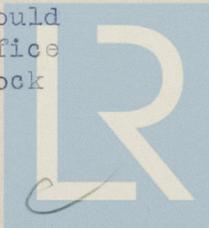

Date:— 26.7.55

I shall be glad if you will ascertain from the Owners and let me know what arrangements they propose making to carry out the Boiler Survey which became due at the end of March last.

I shall also be glad to learn their intentions with regard to this vessel being examined in drydock, as it would appear from the records in this Office that she has not been seen in drydock at the Society's Surveyors since January, 1954.

You will observe that the newshaft Survey will become due at the end of August next.

The affairs of the Owners of this vessel are in the hands of the Liquidators and the vessel is laid up pending sale. The Owners inform us that prospective purchasers will be informed of the survey position and all surveys completed prior to the vessel being placed back in commission.
