

Shipbuilders: Messrs. **HAWTHORN LESLIE & CO LTD** Yard No. **666**

Engineers: Messrs. **RUSTON & HORNSBY LTD** Engine No. **228239**

It is submitted *the Wokingham* Office be informed that this type of auxiliary engine is similar to one previously approved except that the service speed is 675 r.p.m. as compared with 1000 r.p.m. previously.

Owing to the reduced service r.p.m. and the high natural frequencies of the unit the operating speed range will be free from serious criticals and in the circumstances the auxiliary set could be accepted without further action.

Return. plan.
