Lloyd's Register of Shipping,

High Close,

Wokingham, Berks.

26th April, 1940.

Dear Sir,

I have to acquaint you that in the case of the steamer "TENNESSEAN" (New York Report No. 40028), the Committee have today assigned a notation of "100AI Class Contemplated" with a record of "Examined 3.40".

It would appear that in addition to the items remaining to complete the Special Survey for classification, the air and sounding pipes require to be examined, but I should be glad if your Surveyors would kindly confirm this. It is also concluded that the masts were examined aloft.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.
