19th October, 1962.

Dear Sirs,

S.S. "SONDRA"
S.S. "SOLVRA"

R.
AH/DET

In reply to your letter of the 10th October, I have to say that provided the requirements of a General Examination in accordance with Circular 1959 are complied with in each case and the vessel be found or placed in satisfactory condition for the voyage to Europe, the Committee will be prepared to consider the postponement of the Special Survey meantime.

The arrangements regarding the Screwshaft Surveys are in order.

It will also be necessary for the overdue Main Boiler Survey to be held on each whaler before leaving South Georgia.

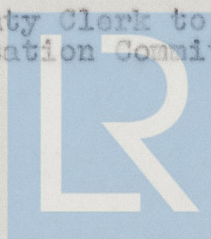

I shall be glad if you will advise the Owners accordingly and point out to them that the Steampipe Survey of each vessel became due at the end of September last.

It is concluded that the Steampipe Survey will be dealt with at the same time as the Special Survey in each case.

Yours faithfully,

Deputy Clerk to the
Classification Committee

The Surveyors,
LEITH.
