11 1 OCT 1962

10th October, 1962.

Ans'd.....

Dear Sir,

"SOLVRA" and "SONDRA"

These vessels are at present laid up at South Georgia, and Messrs. Chr. Salvesen & Co. Ltd. inform us that they intend to overhaul the ships and bring them to Europe at the end of the forthcoming whaling season, towards the end of April, 1963.

The Special Surveys, Tailshaft Surveys, and Steam Pipe Surveys are due this year, but as they have only a few workmen at South Georgia, Messrs. Salvesen request a postponement of these surveys for the voyage home.

When the vessels arrive, possibly in Norway, they may be laid-up or sold, but in the event of them being recommissioned they will arrange for any overdue surveys to be carried out.

Yours faithfully,
THE SURVEYORS,

Per:-

D. B. Booky

The Secretary,
LONDON
