24 AUG 1950

Dear Sir,

M.V. "SOUTHERN PAUL".

I have to acquaint you the Owners stated in June last that the Annual Load Line and Classification Surveys were being carried out at your port and I shall be glad if you will kindly let me know whether these surveys have received attention.

I have to add that the Modified Survey of the Oil Engines will become due at the end of next month.

Yours faithfully,

Copy to Fbd.
