Dear Sirs,

M.V. "ATHELSULTAN"

Reverting to your letter of the 27th August, I have to inform you that the Report of the Survey carried out by the Society's Madras Surveyors on the 31st August last, has now received the consideration of the Committee.

At that time the electrically welded repair to the Main Engine frame between Nos. 3 and 4 units was examined, and found to remain efficient in the meantime, but the Surveyors recommended that this repair be again examined by the end of February 1964.

The Committee have continued the vessel's class, subject, inter alia, to this matter receiving attention by the time stated.

Yours faithfully,

Deputy Clerk to the
Classification Committee
