Classn. (S)

Dear Sir,

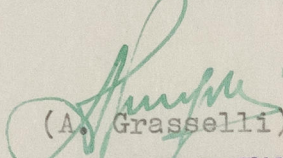

s.s. "MARIA LETIZIA G."

With reference to your Classing letter of the 10th instant, the contents of which were duly communicated to the Owners, we are now informed by them that they have ordered to Messrs. Schutte & Koerting (U.S.A.) to the Society's test, a new air cooler for the main generator, which, they were assured, will be delivered to them about the 12th of May next.

This new air cooler will replace the defective one on board, but owing to the Vessel's present commitments they are not in a position to state in which port and when this replacement will take place.

They will however instruct the Master to ask the intervention of the Society's Surveyors at the port where the replacement will be carried out.

Yours faithfully,

  
(A. Grasselli)
