

Lloyd's Register of Shipping,

Collingwood Buildings, Newcastle-on-Tyne.

Dear Mr Watt,

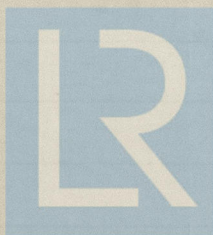

Can I have a copy of preliminary
fluid computation for Hawthorn keels 567.

She is of a type of which I have had no
experience in fluid & I want to follow it.

There are two other RQD keels
building by same builders 562 + 570.

Kind regards,

Yours faithfully
G. Brown
