

"Nassa"

It is submitted the Gls. Surveyors be informed that the contents of their letter of 28-10-42 are noted and that the spare gear list and various certificates have now come to hand.

Amongst the latter appears an invoice from Stewart & Lloyd Ltd. regarding Bessemer Steel pipes for various purposes, and the Gls. Surveyors should be asked to confirm whether the steam pipes are of this material as no reference is made to this effect in their report.
