

"EMPIRE SALVAGE" & "EMPIRE GARDEN".

Mr. F. Fleming of the Tanker Division of the Ministry states that there is now no objection to the "EMPIRE GARDEN" being inserted in the Register Book in the normal way.

There are however, certain complications still existing in the case of the "EMPIRE SALVAGE" and Mr. Fleming considers that no action should yet be taken in this case.

It is probable that the case of the "EMPIRE SALVAGE" will have been resolved by the end of the year and Mr. Fleming remarked that it may be thought advisable to deal with the two cases together at that time.
