Also for notes
23rd January 1942.

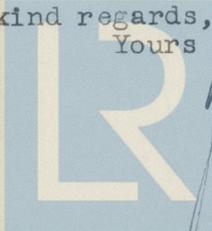

Mr. Sladden,

I have been in touch with the Director of Stores and that the "Empire Salvage" is being run by that Department, that they desire Freeboard and Classification Certificates. It appears that they were "Quite satisfied with the classification of vessel as it was noted on one of the plans that she was classed L.R." Furthermore, they found the Boiler Certificate, but no other papers were available. This information was news to the Department at the Admiralty which generally concerns itself with the certificates of Naval Auxiliaries and they say that the Department Stores has a bad habit of keeping things up their sleeves.

The "Empire Garden" on the other hand is being managed by Messrs. Gow Harrison & Co.

With kind regards,
Yours sincerely,

Sladden Esq.,
