v 30th January, 1950.

Dear Sirs,

Motor Tanker "NORDBO"

S With reference to Greenock Report No. 24026 I shall be glad if you will state which pumps are engaged on fresh water and salt water cooling of the main engine, including stand-by pumps. I think it well to point out that this information is desired in all future cases.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GREENOCK.
