Dear Sirs,

I am in receipt of your letter of the 28th instant respecting the Steamer "BRIGIT MAERSK" which clarifies the reason behind the Owners' request to apply Continuous Survey arrangements to the steam engines of this ship.

As this is concerned with the time factor on the occasion of the next Special Survey, it is suggested that when the Special Survey in question is held, if the Owners find difficulty in completing the Survey within the time at their disposal, they should again refer the matter to this Office with a view to making a mutually satisfactory arrangement in respect of the outstanding items. This correspondence will then be borne in mind and the Owners may rely upon the Committee's sympathetic consideration.

I shall be glad if you will inform the Owners accordingly.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
COPENHAGEN.
