s.s.Cff.No.2-29

A Special Survey No.3 (after an early No.3

in December, 1919) became due on this vessel in December, 1931, and no part of the survey has been held.

The vessel has been laid up and the late Owners furnished the usual undertaking in January, 1933, and in February last, the Special Survey being more than three years overdue, the vessel was generally examined and reported to be in satisfactory condition.

On the 31st ultimo the Society's Falmouth Surveyors stated that the vessel had been sold to Mr. Achille Lauro, of Naples, and that the new Owner had approached the Local Agents of the Registro Italiano with a view to obtaining a seaworthy certificate to enable the vessel to proceed to Italy, via Rotterdam, with a cargo of coal.

The Falmouth Surveyors were therefore furnished with a copy of the Circular Letter recently issued by the Registro Italiano to Italian Shipowners who were contemplating acquiring vessels classed with this Society laid up in ports out of Italy for transference to the Italian flag, and informed that in accordance with this letter the necessary survey could be undertaken by the Society's Surveyors.

The Falmouth Surveyors now state, however, that upon interviewing the local Italian Agents and offering their services in the matter they were informed the new Owner does not require any survey by this Society.

The Classing Committee had the case before them

on Wednesday, the 7th instant, when in all the circumstances they decided to give instructions for the vessel's class to be expunged from the Register Book with a Red Line, (8.35) indicating non-compliance with the Society's Rules.

E

8th August, 1935.

*Capt. Pembroke phoned 10.5 am
that the result of phone talk with
Naples is that no further action need
be taken by us.*
