ENCLOSURE.

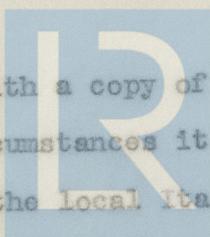

1st August, 1935.

Dear Sirs,

I am in receipt of your letter of yesterday's date, respecting the steamer "TREGONELL", which I note you have been informed has been purchased by Mr. Achille Lauro, of Naples.

This information has been confirmed by the late Owners, with whom I have been in communication by telephone this morning, and with regard to your intimation that the Owner has approached the Office of the Registro Italiano with a view to obtaining a seaworthy certificate to enable the vessel to proceed to Italy with a cargo of coal to be loaded at Rotterdam, I have to inform you that in view of a Circular Letter which was recently issued by the Registro Italiano to Italian Shipowners who were contemplating acquiring vessels classed with this Society, which were laid up in ports out of Italy, for transference to the Italian Flag, the survey necessary to enable the vessel to proceed to her port of destination can be undertaken by the Society's Surveyors.

I enclose herewith a copy of the Circular Letter in question, and in the circumstances it may be well for you to take the matter up with the Local Italian Agents at your port

and the Italian Consul, with a view to your offering your services for the purpose of issuing the necessary certificate.

If it is decided to employ your services, you should, of course, be guided in carrying out your survey, by the provisions laid down in Circular No.1605.

As the vessel is laid up under an undertaking in regard to the overdue Special Survey No.3, if she leaves your port without being submitted to the required general examination the Committee will, of course, have no alternative but to give instructions for her class to be expunged with a Red Line, and you should therefore advise me promptly if you are not requested to hold the required survey.

I am, Dear Sirs,

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

FALMOUTH.
