LLOYD'S REGISTER OF SHIPPING

Port London

2nd July, 1958.

This is to Certify that I have

Donkey Part
Surveyed the Boiler and Machinery of the M.S. "GABOBY" 4718

tons gross of Liverpool, whilst she lay afloat at this port for Advancement of the Continuous Survey, and for Donkey Boiler Survey,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of CONTINUOUS SURVEY OF MACHINERY (with date),

be made in the Register Book in the case of this vessel when the survey has been completed. *and Donkey Boiler Survey 6-58 when the safety valves have been adjusted under steam, and the oil fuel burning and remote controls have been tested in accordance with the Rules, subject to any outstanding conditions of Class being dealt with as previously recommended.*

Parts now examined :-

Main Engine Attached Air Compressor cylinders, covers, liners, pistons, connecting rod, gudgeon pin and bearing, crankpin and bearing. H.P. Cooler examined and tested.

Auxiliaries:-

The Outboard Starboard sea water circulating pump and its motor.

J. Barnicot

Engineer Surveyor to Lloyd's Register

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member of, or the Surveyors, or other Officers or Agents of the Society."
