Dear Sir,

s.s. "TASSIA"

Thank you for your letter dated 6th July in which you confirmed that the arrangement proposed by the Owners is in order.

We would appreciate your remarks concerning our query about the fitting of protection for the boiler water level gauge glass contained in the last paragraph of our letter and in view of the condition of class regarding the fire extinguishing arrangements in the machinery space would be glad to learn if a safety equipment certificate has been issued by the Society in the case of this vessel.

If so would you be so kind as to forward a copy of Cert S.E.1 for our information as this document is not available on board.

Yours faithfully,  
The Surveyors,

per:-

The Secretary,  
LONDON.
