Telephone 40-664 & 473-818

9th April, 1965.

Dear Sir,

S.S. "TASSIA"

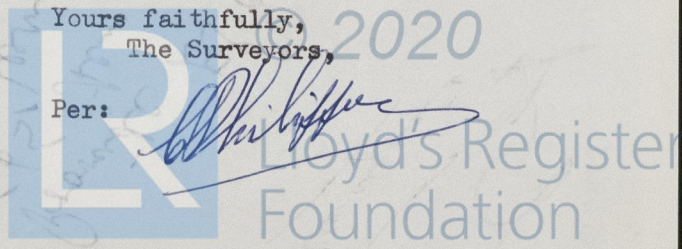

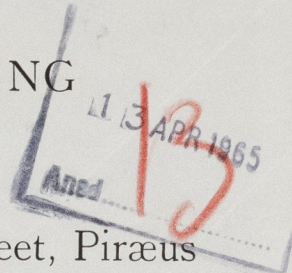

With reference to your recent correspondence with the Owners regarding the postponement of Special Survey until May 1966, we would be much obliged if we could have your confirmation that, in view of the Engine Survey having been commenced in April 1964, this could be completed in May 1965, without re-opening items which were seen in 1964.

A reply by cable would be much appreciated as the vessel is due in this Port to carry out her outstanding surveys, on Monday, 12th instant.

Yours faithfully,
The Surveyors,

Per:

The Secretary,
LONDON.

005174-005179-0314

REPORTS

Cable requested

*Provide LF completed by
5.65, then examined in 14.64 need
not been re-examined.*
