Dear Sir,

steamship "TASSIA".

I acknowledge the receipt of your letter dated the 23rd February, the contents of which have been noted.

The Report of the survey carried out by the Society's Hamburg Surveyors between the 17th and 24th December last, has now received the consideration of the Committee.

As a result of this inspection, the Committee have continued the vessel's class subject, inter alia, to the following items receiving attention:-

- 1). A bower anchor and 15 fathoms of chain cable being supplied at the earliest opportunity.
- 2). I.P. piston valve (Metalocked 4,64 and 12,64) being specially examined by the end of December 1965.

I shall be glad to learn what arrangements you propose to make to supply a bower anchor and 15 fathoms of chain cable.

Yours faithfully,

A. Catsogeorgis, Esq., Assistant Clerk to the  
53, Filonos Street, PIRAEUS. Classification Committee.
