LMC 11,30
B.S. 4,33
C.L. 2,34.

The First Special Survey No.3 becomes due in October, 1934 and has been partly held.

A letter has now been received from the Owners through the Society's Paris Office to the effect that owing to the expense and duplication of work involved in the dual classification (L.R. and B.V.) of this vessel and to the fact that she was built in France, they have decided to maintain her in the B.V. class only.

In the circumstances, the Classing Committee, who had the case before them on Friday, 10th instant, decided to give instructions for the vessel's class to be withdrawn from the Register Book and Three Dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

E
16th August, 1934.
