17th April, 1967.

Dear Sirs,

CLASSING LETTER

C.
A.P.

"GRIFONE". I acknowledge receipt of your letter of the 3rd April, with enclosure, the contents of which have been noted.

The RI Report covering the examination of the centre and starboard boilers has been accepted for the commencement of the M.B.S., and a notation of M.B.S. 11,66, will be assigned when the Survey has been completed, by the adjustment of the starboard boiler safety valves.

In the circumstances, I shall be glad if you will ascertain, and let me know, what arrangements the Owners propose to make in this respect.

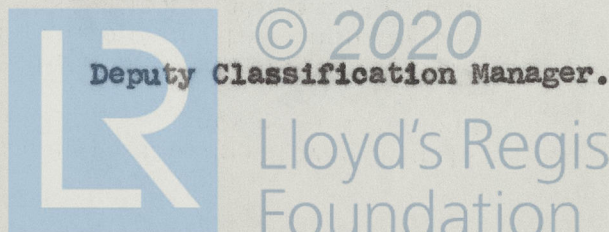

8888 "GOLDFIELD". As recommended.

In view of the fact that the Safety Equipment Certificate has expired, I shall be glad if you will establish whether this has now been renewed, and ascertain, and let me know, the expiry date.

I refer you to the Instructions to Surveyors, Part 3a, 1963, Amendment No. 13, Paragraph 4, and shall be glad if in this, and future similar cases, you will state whether these arrangements are in accordance with the appropriate section of the Rules.

Yours faithfully,

The Surveyors,
NAPLES.
