

My opinion is that the
● ~~function~~ ^{Sensitive} part of the book is
the book itself. In spite of
a reasonably thick survey at
London in 11-65, there has been
subsequent leakage. If a
general examination, ^{concentrated} ~~concentrated~~
on the aspect reveals a

● ~~disrupting function~~ ^{structure} that I
would be willing to spend the
sum of  for the voyage to
Lahore.
