I have surveyed the above-named ship in accordance with the Rules for Shell leakage.

Stern cant shell (p. side) G-1 in store space holed and generally wasted.  
 Temporary repair by fitting E.W. doublers inside effected and permanent repair has been recommended to carry out at next drydocking.

The items now surveyed are detailed on this report. All were found or placed in good condition unless otherwise stated.  
 I recommend, therefore, that this ship remain as classed ~~xxx~~ with/without fresh record of dry docking subject to stern cant shell (port side) holed now temporarily repaired being permanently repaired at next drydocking and to any condition at present attached to class being dealt with as previously recommended.

(Where conditions of class are recommended to be retained, imposed, amended or deleted, particulars must be stated above and on the interim certificate.)
