Inspectores

Dear Sir,

M/T "REMEDIOS"

The above vessel commenced Special Survey of Hull and Machinery at this port on 25th April last.

During the course of the surveys both Main Engines crankshafts were found cracked, also several connecting rods and crossheads.

In view of this, the Owners suspended all surveys on the 13th May pending a decision as to whether to continue or not.

I have now received a letter from the Owners, freely translated copy attached, stating they are putting the vessel up for sale as she stands, and the completion or not of the surveys will depend upon the wishes of the new Owners when the vessel is sold.

I therefore am now forwarding the Hull Report 8, Report 8 (Dr) and Machinery Report 9 covering the part surveys now held, also First Entry Report Nwc.74783 and Midship Section Plan forwarded with your letter dated 30th April 1958.

I shall endeavour to advise you when the vessel has been sold and to whom.

Returned to Recs.

Yours very truly.

R. W. Stonehouse.

The Secretary.
LONDON.
