2nd September, 1957.

Dear Sirs,

Steamer "STORA"

I enclose the deferred reports and attached correspondence relating to this vessel. Attention is drawn to my letter addressed to Mr. H.C. Jansen on the 3rd May, to which no reply has been received. It will be appreciated if you will get in touch with Messrs. Chr. Salvesen & Co, with a view to the possibility of their being able to expedite the forwarding of the desired information.

At the same time I have to refer you to the last drydocking in this case, namely November, 1955, and to the Boiler Survey which became due at the end of January last. It is concluded that by now further drydocking has taken place and that the Boiler Survey has been held, but I shall be glad if you will obtain the Owners' comments on the subject.

The Owners' attention should also be drawn to the Screwshaft Survey which becomes due at the end of October.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
LEITH.
