In August last the Aberdeen Surveyors were informed that the Committee would be agreeable to the 2nd Special Survey N°2 being postponed, provided the vessel was in an efficient condition in the meantime. A satisfactory General Examination of the vessel was made by the Aberdeen Surveyors in September, and in the circumstances the Committee agreed to the survey being postponed for a while.

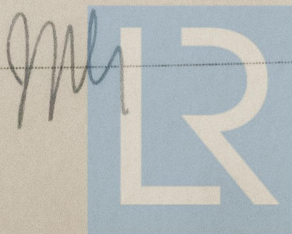

The trawler was subsequently sold and proceeded to Canada. In reply to enquiry the Vancouver Surveyor now states that the vessel has not yet arrived at that port.
