Received by Chief Ship Surveyor .....

Received from Chief Ship Surveyor .....

VESSEL'S NAME Steel Sc.K. "ARGON" Rpt. Abn. No. 15324**The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.**

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/02.)

Nature of Survey .....

The 2nd S.S. No. 2, became due 6,28 and on the 28th August last the Aberdeen Surveyors were informed that the Committee were agreeable to the survey in question being postponed, provided, in their opinion, the vessel was in an efficient condition in the meantime.

The Aberdeen Surveyors now report a general examination has been made and the vessel found in efficient condition.

In the Surveyors' opinion the Owners' request to postpone the survey for a while merits favourable consideration of the Committee.

It is submitted action be deferred.
