Dear Sir,

T.E.S. "Helicina"

We thank you for your letter of the 10th instant, Classification H, and would advise you that as the above named vessel is now laid up in the River Blackwater it is not our intention to carry out any further Surveys for the time being. With regard to the first item on your list of items due to complete the Continuous Survey Cycle, i.e., both main alternators, we would point out that these alternators were surveyed in Rotterdam in September, 1958, and are mentioned in the Interim Certificate issued by your Surveyor at that Port on the 30th September, 1958.

Yours faithfully,  
For and on behalf of:
