NEWCASTLE-ON-TYNE, 1.

Dear Sirs,

S.S. "HELICINA"
SWAN HUNTER & WIGHAM RICHARDSON LTD.
YARD NO. 1711.

With reference to your letter of the 29th ult.
we return herewith your report duly signed. As regards the
shaft H.P. at full power, we would draw your attention to the
fact that under our contract this H.P. is 11,000 S.H.P.
and, so far as our guarantees of performance are concerned,
11,000 S.H.P. is the stipulated figure. Arising from later
correspondence, we agreed that the machinery would be capable
of developing 13,000 S.H.P. continuously without detriment
to any part.

Yours faithfully,
W.S. STEEL
MANAGER - MARINE DEPARTMENT
Per: (Sgd) J.H. Canning.
