QUESTION.

ANSWER.

With reference to your report No. 51450 I shall be glad if you will ascertain and let me know the present position regarding a further survey of the Refrigerating Installation.

*Just*

Date:— 16th September, 1942.

We understand that this vessel is no longer engaged on trade requiring the use of the Refrigerating Machinery, in consequence of which no information can be given by the Owners' Representative as to when this machinery can be examined under working conditions, and they further state that they do not anticipate it being again used until after the war, when the vessel can return to the fruit trade.
