Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

5th July, 1944.

Dear Sirs,

I am in receipt of your letter of the 3rd instant regarding the steamer "FULGOR" and motorships "LAVORO" and "~~POZARICA~~" and in reply would confirm that the only one of these ships which has held the Society's class is the "FULGOR".

All the papers and plans on this case are being sent to the Society's London Office today and it is suggested that one of your representatives calls there to inspect these documents.

The Committee will be quite agreeable to records of "Classification contemplated" and "Reclassification contemplated" being assigned in conjunction with a notation of "Examined (with date)" on receipt of a satisfactory report from the Society's Surveyors, and it will be appreciated if in due course you will let me know at what ports the requisite surveys will be held in order that the Surveyors may be advised.

I shall also be obliged if you will let me know whether Loadline Certificates will be desired for these vessels.

I am, Dear Sirs,
Yours faithfully,

Clerk to the
Classification Committee.
