

20th July, 1956.

THORSHAVN

"HULLSOKI" - Before your Report No. 303 receives the consideration of the Committee, I would refer you to my letter of the 8th June, and shall be glad to learn whether the outstanding conditions of class respecting the engine and boiler casing top plating and indented keelstrake and bulwark were examined and dealt with, or found to remain efficient; also that the ship's condition is such that the owners' request to postpone the Special Survey (due 5,56) until October, 1956, might be submitted for the favourable consideration of the Committee. An early reply is desired.
