ENCLOSURES

S

Dear Sir,

I enclose herewith the first entry report (Leith No.21731) and subsequent reports and correspondence on the steam trawler "HEINI HAVREKI" and would advise you that the classification of this vessel has been deferred pending the fitting of a watertight door on the bulkhead of Frame 33 and the making permanently watertight of the tunnel between the bulkheads on Frames 33 and 43.

The Leith Surveyors have now been advised that it is intended to deal with these matters at Fleetwood towards the end of the present month, and I shall be glad if the Surveyors will accordingly give the case the necessary attention.

Yours faithfully,

Clerk to the
Classification Committee

The Secretary,
LIVERPOOL.
