Dear Mr. Leeuwenburg,

I am favoured with your letter of the 30th September regarding the approved plans of the "JULIETA", built at Amsterdam, and the "MARTINA" and "MARSELLA", built at Rotterdam, and note that you are still dealing with two sister vessels after the same plans, and will accordingly require the plans in completing these vessels, and in the circumstances we shall of course await the receipt of the reports from you on these further vessels, which will no doubt be accompanied by the plans.

With kindest regards,

Yours faithfully,

R. Leeuwenburg, Esq.,
