201, Tower Building,

Liverpool, 10-2-20.

Reference

E.

The Secretary.

Liverpool.

Dear Sir,

In reply to the Secretary's letter of the 7<sup>th</sup> inst. respecting Liverpool Report 79870 on the s.s. 'St Hilary', I have to state that the reversing engine of that vessel was supplied in a finished state to the engine builders by Mess<sup>rs</sup> Mc Laggart, Scott & Co, and worked satisfactorily on the trials.

No defects were observed, or complaints made with respect to the engine room auxiliary valves, (and in my opinion these small troubles which have subsequently arisen) were beyond the control of the surveyor at the building yard.

I am, Sir,

Yours faithfully,

P. Townend.
