Dear Sir,

In reply to your letter of the 12th instant respecting the steamer "PAN", our First Entry report No. 412, we beg to acquaint you that the anchors and chain cables were tested by the Bureau Veritas.

Regarding the poop deck beams the scantlings as reported are as approved. We regret having omitted to state on our report that these beams are supported by two rows of 2½" pillars.

I am, Dear Sir,

Yours faithfully,

*F. R. Palmer.*
