Dear Sirs,

s.s. "BRITISH CROWN"
Chief Engineer Surveyor's Records

It is observed from Lloyd's List that a fire and explosion occurred in the engine room of the above-mentioned vessel on the 20th August last while at Umm Said, as a result of which several crew members were fatally injured.

We would be glad to receive, in confidence, any available information as to the cause and circumstances of this fire and explosion and in the event, therefore, of a suitable opportunity presenting itself, perhaps you will kindly make some discreet enquiries for us.

When replying, would you please mark your letter for the attention of the Chief Engineer Surveyor's Records.

Yours faithfully,

pro Secretary.

The Surveyors,
BAHREIN.
