Dear Sir,

With reference to Liverpool Report No. 135666 respecting the Steamer "BRITISH CROWN", I shall be glad if you will ascertain and state the scantlings of the collision and after peak bulkheads together with the thickness of the upper deck plating as this information has been omitted from the report.

Frame numbers of the 16 bulkheads which extend to the upper deck should also be furnished.

Yours faithfully,

Assistant Clerk to the  
Classification Committee

The Secretary,  
LIVERPOOL.
