With reference to your Return 4 for June, I shall be glad to learn, in the absence of this vessel's name from your subsequent Returns, how this case now stands.

Date:— 8th November, 1962

The docking and annual survey have been partly carried out in April this year and will be completed now. The conditions of class on the machinery installation are being attended to and the boilers have both been examined internally last month. It is understood that the vessel may be for sale.
