Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

21st March, 1933.

Dear Sirs,

I have to inform you with reference to your letter of the 14th instant that your request for the classification of your motor tanker "GARONNE" to commence from the date at which she was to leave Oslo, viz: on Sunday or Monday last, has now received the careful consideration of the Committee at their meeting today.

With regard thereto I am directed to say that the Committee cannot overlook the fact that the vessel has already made one voyage since she was built, of  $2\frac{1}{2}$  months' duration, and that the present particulars of classification of the vessel have stood in the Society's Register Book since 1931. In all the circumstances, therefore, they much regret that they are unable to agree to the Special Surveys being dated from the present time.

I am, Dear Sirs,

Yours faithfully,

Clerk to the  
Classification Committee.

Messrs. Fearnley & Eger,  
Post Box 355,  
OSLO,  
Norway.
