Dear Sir,

In reply to your classing letter of the 29th ultimo, re. the above vessel, we would confirm that the Machinery Numeral should be 280 and regret the error in our report.

With regard to the examining and testing of the steam pipes, we are advised by the Ministry of Transport Surveyors that they were last dealt with in October 1948, and will therefore be due again in October, 1954.

Yours faithfully,
